PROFILE

- Pursuing **Master of Science in Information Technology** at UNSW (majors: Data Science, AI)
- Strong **predictive modelling** and **machine learning** experience with 2 years at ICICI Bank, India
- Completed a 6-month program with **J. P. Morgan** in Global Markets Group
- **MITACS Globalink Scholar** (2015) at UNB, Canada for an academic exchange research project
- **Australian professional experience** with JB HiFi in commercial operations

EDUCATION

Master of Science (Information Technology, majors: Data Science, AI)

University of New South Wales, Sydney, Australia; **CGPA 82/100**

Jul 2018 – May 2020

Master of Science (Economics) and Bachelor of Engineering (Mechanical)

BITS Pilani, Pilani, India; **CGPA 8.97/10**

Aug 2011 – May 2016

RELEVANT EXPERIENCE

Data Analyst, Manager (Band I)

Jul 2016 – May 2018

ICICI, Business Intelligence Unit, Hyderabad, India

Engaged with various business teams to provide analytical solutions and insights to complex problems.

Delivered key projects in predictive modelling, machine learning and text mining.

- **Automatic Text Classification:** Classified employees into 4 categories to obtain behavioural characteristic trends and sentiments through document classification and sentiment analysis
- **Family Members Identification:** Identified accounts of family members of certain set of customers on the basis of address match using Jaccard distance, which were added in monitoring for frauds
- **Credit and Market Risk:** Developed pooling logic for retail asset portfolios with respect to two different dimensions of risk: Likelihood of default (Probability of Default i.e. PD) and Expected recovery (Loss Given Default i.e. LGD); Assessed factor sensitivity of portfolios using measures like modified duration in case of fixed income products and market value in case of equity

Analyst

Jan 2016 – Jun 2016

J.P. Morgan Services, Global Markets Group, Mumbai, India

- Developed trading strategies for exotic options and derivatives on python-based platform "Athena"
- Analysed global markets for different trading instruments and their percentage share of profits

ADDITIONAL EXPERIENCE

Teaching Assistant – Foundations of Computer Science

Feb 2019 – Present

University of New South Wales, Sydney, Australia

- First point of contact for questions pertaining to proofs of complex mathematical algorithms
- Assist senior faculty to evaluate and grade students through feedback on classroom performance

Sales Representative

Nov 2018 – Jan 2019

JB HiFi, Sydney, Australia

- Set new records for sale and number of customers served; including value generated from upselling
- Provided after sales support, guided clients to improve user experience

Mitacs Globalink Intern**May 2015 – Aug 2015****University of New Brunswick, Fredericton, Canada**

- Worked under Dr. Victoria Chester on 'Kinematic multi-segment foot models' for gait analysis
- Cultural exchange program to get international exposure and work with students from other countries

ACADEMIC PROJECTS

- Designed a task scheduler for an embedded system using binomial heap-based priority queue
- Developed an agent to play the game of nine board Ultimate Tic-Tac-Toe using score heuristic
- Analysed various characteristics of a maze using recursivity, A* and depth-first search

AWARDS AND ACHIEVEMENTS

- Awarded UNSW Future of Change Scholarship for postgraduate program in IT **Jul 2018**
- Awarded for the project 'IFRS9 ECL Estimation' in the category 'Intelligence' at ICICI **Oct 2017**
- Promoted in 1 year from 'Management trainee' to 'Manager-I' for exemplary performance **Jul 2017**
- Won a Case Study Competition in environmental law studies by NLIU awareness cell **Aug 2016**
- Awarded 2nd prize for the project 'Collaborative consumption' at BITS Pilani **Mar 2015**

EXTRACURRICULAR ACTIVITIES**UNSW Hero Program****Dec 2018 – Feb 2019**

- Pitched an innovative service improvement project and participated in various industry workshops

Schooling Operations Head, National Service Scheme**Aug 2012 – Mar 2018**

- Spear-headed operations at NSS Night School and inculcated community development approach

Joint Coordinator, Creative Activities Club, fine arts society, BITS Pilani**Aug 2013 – May 2015**

- Organized workshops and raised sponsorship for 4 events with 800 guests in cultural fest (OASIS)

CERTIFICATIONS AND CONFERENCES**Machine Learning training by Math Logic****Apr 2017**

- Focused on machine learning and deep learning models that can lead to 10%-30% performance improvement over traditional modelling paradigms in a variety of use cases

Harvard US-India Initiative Conference**Jan 2017**

- Addressed some of India's most pressing social, economic and environmental issues in a student run organization that aims to create a dialogue between Indian and American youth

Chartered Financial Analyst, Level-1**Dec 2016**

- Professional designation received from the CFA institute, formerly AIMR that measures the competence and integrity of financial analysts

TECHNICAL SKILLS

- Python, R, C, Java, Scala, SQL, SAS, VBA, Microsoft Office (Word, Excel, PowerPoint and Outlook)

REFEREES

Dr. Helen Paik, UNSW

Kaunteya Guha, ICICI

Abhinav Krishna, J. P. Morgan
